

ArtKids

make(s) them feel “Young-Rembrandt”,
... and more.

*Do you have such a box on your attic?
One full with personal memories from long lost days?*

Maybe you still have a drawing?

*Remember you were proud giving one of your drawings to your parents?
You must have felt like a Rembrandt or Corneille or ...
Maybe your son or daughter once came home with a drawing.*

*For a while it may hang on the fridge or pin board
but after a while it disappears. Or..*

Why not turn it into a modern work of art?

*ArtKids turns your child's drawing into an exclusive and precious work of art.
One that that deserves a really special place in your home or office.*

If ArtKids thinks it's really special, ArtKids can decide to do more with it..

ArtKids turns your child's drawings in to modern works of art or merchandising

*When ArtKids profits form a work of art or with merchandising
based on your kids' scraps,
ArtKids usually pays 10% of those profits to the bankaccount of "the kid".*
